Time Banking Festival

Time Banking UK are working in partnership with Media Trust to deliver a time banking campaign across London to raise awareness about time banking and to encourage people to get involved in a time bank near them.

There will be two festivals in June, **south of the river Thames (Lewisham) on 21st and north of the river at Highbury Fields Islington on 22nd June 2008**. London Time Banks will be attending the festivals, bringing with them time bank members to showcase time exchanges and activities where members of the public will be invited to take part. It will be two great days of fun activities and an opportunity to meet up with the other time banks!

If you would like to be part of these festivals, you are most welcome. If you are from outside of London and you would like to join us or take part

you would be very welcome. If you only come to London once this year, make it this weekend!

If you want to contribute to the festival in any way – on stage or with stalls and activities, we may be able to help with some of your expenses. Just email Sarah Bird: sarahbird7@yahoo.co.uk with the details.

We are particularly looking for more cultural activities such as Henna hand painting, Indian musical instruments (dhol, Indian classical dancing, bhangra dancing, steel drums etc), Chinese calligraphy or dance workshops.

Banca Del Tempo

Some of the members of the Banca Del Tempo in Italy know English quite well (and few other foreign languages too!) and would like to establish friendly contacts with UK time banks in order to exchange experiences, meet up on special occasions, have trips to the UK or to Italy, try to find exchanges of hospitality, etc..

Please contact Vico on vicohemsi@libero.it if you're interested.

E-bulletin

Time Banking UK is launching a new electronic newsletter to be distributed monthly, rather than the quarterly paper newsletter that you have been receiving through the post and is available free to all time banks, friends, well wishers etc.

It will contain all the latest up to date news and events from around the UK, as well as any funding information that might come our way.

All you need to do to start receiving the newsletter is go to www.timebanks.co.uk and enter your email address into the "subscribe" box and click submit.
