

AGM decisions

At our 2008 AGM, held at Waterloo Church, it was decided to give time banks the choice of whether to pay for their membership of Time Banking UK in cash or in time credits.

The cash fee remains the same £100 per year, whilst the time credits required would be 12 (equal to one a month). Those wishing to pay in time credits will have to have logged onto the Time Online software at least once and added a member (or pot) so that the hours can be administrated through the national exchange.

For more information, contact Sarah 01453 750952.

Paying too much?

If you're with Zurich for your time bank insurance, you could be paying too much on your premium. Lawrence Hughes from Fair Shares Gloucestershire negotiated a much better deal by giving them numbers of those actively participating in the time bank, rather than of total active numbers. For more information please contact him on: 01452 415900

Time banking festival a success

A huge thank you to all of the time banks who came to Lewisham on Saturday 21 June to showcase the skills & activities on offer in their time banks: from table top gardening to budgeting, card making to drumming, salsa to face painting. A great day was had by all. Over 140 people signed up to join a time bank.

More "taster" events are planned in the North of England in the near future. Watch this space.

Investors in volunteers

Investors in volunteers is the UK quality standard for all organisations which involve volunteers in their work.

Achieving the IIV Standard allows an organisation to publicly demonstrate its commitment to volunteering.
