New Beginnings

Two new time banks have celebrated their launch recently: one in Bedford (Time Banks of the Ouse) and the other in Somerset (Time Bank West Somerset)

Both days were a great success, and I'm sure everyone would like to join us to wish them all the best for the future.

10 Years of Time Banking

Fair Shares will be celebrating 10 years of time banking in Gloucestershire and the UK on Monday, 13th October at 2pm and would like you to join them.

Martin Simon from Time Banking UK will also be speaking at this event, followed by refreshments and birthday cake!

RSVP to Lawrence 01452 541337

Expansion in Lancaster

After the success of the Hornby Helpline, (part of the Lancaster 50 forward project) two new time banks have gone live in the area - one at Stanley's Community Centre and another at Lancaster and Morecambe College.

Michelle Collingwood who has been overseeing the projects has done a lot of work to involve both young and old time bank members and her presentation to schools is available on the TBUK website (in the archive section) to download. Other popular initiatives have included the "sloppy slipper" exchange in partnership with the local council to reduce falls in the home.

Student time bank members at the college are launching their time bank on 2nd October by helping to paint the Stanley's Community Centre.

Please contact Michelle for more information:
